MEMORANDUM FOR: Inspector General

SUBJECT : Questions and Answers for Back-up Book

1. The Office of the Comptroller is in the process of preparing the "Back-up Book" used by the Director in defense of the Agency's Budget before the Congress. The process involves anticipating the questions which might be used and to provide the DCI with possible answers that he may use to support the Agency's case. In this regard, we have been asked to prepare a response to the following question for possible use by the DCI in the Budget hearing.

"The Rockefeller Commission recommended increasing the IG Staff. What are your plans to do so, and what is your thinking on the role and authorities needed by the Agency's IG? For example, it is our understanding that the IG is on your Management Committee? Does this raise the possibility of conflicts of interest?

2. We have been asked to prepare the response in the first person and that they be "pithy--terse and full of substance" and written on only one page.

3. I have been assigned a deadline which requires my receiving your response by close of business, Tuesday, 27 January 1976.
